## PRINCIPAL NEWS

Dear Parents,

Our response to Grandparents and Special Friends' Day was again very strong this year. It was great to see so many visitors attending our school. We celebrated with a lovely liturgy during which the children presented a play called 'The Grandparents Chapter'. The message of the play was that even though the love we receive from our grandparents can sometimes be a little 'smothering' (and a source of some good hearted fun) it is actually a very special thing to experience. It can inspire us to show appreciation and return the love and affection we so generously receive. We are always very conscious of those loved ones who could not be with us last week and the children acknowledged them beautifully in their prayers of the faithful during the liturgy.

Feeding 300-400 people afternoon tea is no mean achievement. Once again our parents stepped up, providing delicious treats and refreshments to all of our guests. Particular thanks to our Year 5 and 6 Class Parents and all parents who volunteered their time to help out. We have a dedicated group of teachers who organise this event each year and they have a wonderful way of being able to include our children, their families and guests into our celebrations, well done to them. We're now thinking about what to do in 2019!

Coming up is our Father's Day breakfast August 31<sup>st</sup> beginning at 7:30 am on the back playground. The theme of the morning is 'Superheroes' and we look forward to welcoming our Dads and special friends. In addition to our Father's Day breakfast, gold coin donations to the 'Buy a Bale' charity will be taken. All proceeds will be given to the fund to support farmers in being able to feed their stock during this terrible drought. Children can will wear a flannel shirt in honour of our Farmer Superheroes on the day. Please note this not compulsory, children are welcome to join in if they wish.

A reminder that our St John's Fete is fast approaching. Make sure you check out all the fete news further on in the newsletter and look out for opportunities to be involved in what promises to be a fantastic community event. Our newsletters indicate a tremendous sense of support and contribution taking place in our community. This is a constant at St John's and is something I very much appreciate.

Sincerely,

Mark Bateman – Principal

LAUDATO SI

Years 5 & 6 have been looking at Pope Francis’s encyclical “Laudato Si – In Care of our Common Home” as part of our Religion Module this term. In this letter, Pope Francis challenges each one of us to consider our impact on the planet. We watched a short video and immediately wrote down the messages that we heard. Here are just a few:

SAVE THE DATE

Kindergarten, Year 2 and Year 3 will be hosting our next School Parish Mass on Saturday 8<sup>th</sup> September at 5:00pm. Everyone is warmly invited to join us.

SAYING GRACE

Our children who are preparing for First Communion have been talking about saying “Grace” before meals as a form of preparation. The sacrament of Eucharist is one of thanksgiving. This has started a conversation around ways to say “Grace”. From a simple “Today I am thankful for...” from each member of the family to a more traditional format, there are infinite ways to thank God before we tuck in to a meal.

Next week in Peer Support the children will practise developing their strengths. This will help your child become more resilient and optimistic. Ask your child to share the strengths they identified during this week's session. The poster below shows you some of the language that we are using in our Peer Support lessons. ##### **11 Tips for Becoming a peaceful and calm parent.**

Often when I speak to parents, they mention how difficult it can be to stay calm when their children are acting out difficult behaviours. I came across this article this week with tips for parents on how to stay calm when you feel your blood beginning to boil:

# Fact sheet for parents and carers

The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual national assessment for students in Years 3, 5, 7 and 9. Planning has begun to move NAPLAN from a pen and paper assessment to an online assessment.

10/05/17\_27754

## What are the benefits of NAPLAN Online?

### Results will be faster and more precise

- Your child's individual results will be returned to you within just a few weeks of the NAPLAN testing.
- Online assessment will reduce the time it takes to mark and provide feedback to schools, teachers and parents.
- Improved precision and timing of results will help teachers to tailor their teaching more specifically to address students' learning needs.

### Tailored tests will provide better assessment

- The online format allows for 'tailored testing', where the test adapts to a student's performance and asks questions that match their achievement level.
- Students in each year level start with the same set of questions which can then branch into a different set of questions based on their responses to the first set of questions.
- This means that students will be directed to questions that may be easier or more challenging depending on their responses.
- This test design will allow students to better demonstrate their literacy and numeracy skills.
- Students find online assessment is more engaging\*, which means they are encouraged to persist longer and try harder.

\* Research by the Australian Curriculum, Assessment and Reporting Authority (ACARA) into online assessment has shown that students have engaged well with electronic tests.

## NAPLAN Online School Readiness Test

### NSW schools will participate in a school readiness test between 20 August and 7 September 2018.

The school readiness test is a 'practice run' for schools to assess their technology ahead of NAPLAN Online. The readiness test is not an assessment of student ability. The readiness test allows schools to:

- become familiar with the NAPLAN Online test format and processes
- check whether they have the technical capacity, rooms and devices to administer NAPLAN Online
- provide students in NAPLAN years 3, 5, 7 and 9 with the opportunity to experience the online test question types and format by completing a practice NAPLAN online test.

## For more information

Parents, students and schools interested in familiarising themselves with the NAPLAN Online format can access the NAPLAN Online demonstration site that includes sample tests for each NAPLAN year. Use the following link:

<http://www.nap.edu.au/online-assessment/naplan-online/naplan-online-public-demonstration-site>

Further information about NAPLAN Online is available on the national ACARA website:

<http://www.nap.edu.au/online-assessment/naplan-online>

Contact your school principal or visit the ACARA NAP website for more detailed information:

<http://www.nap.edu.au/online-assessment/online-assessment.html>

## Frequently asked questions

### **Which students will participate in the NAPLAN Online School Readiness Test?**

Students in Years 3, 5, 7 and 9 will participate.

### **How should I prepare my child for the NAPLAN Online School Readiness Test?**

Your child will not need any academic preparation for the school readiness test. This is not a test of their literacy and numeracy skills, but an opportunity for them to experience the online test format and for their school to assess its online testing capability.

### **How long is the school readiness test?**

The school readiness test is expected to include two assessments: a writing assessment\* and a combined numeracy/literacy assessment. The duration of each assessment will be approximately 40 minutes.

*\* Year 3 students will only be expected to complete the combined numeracy/literacy assessment.*

### **When will my school participate in the readiness test?**

One week within the test period in August and September will be identified for each school to conduct readiness testing.

### **How will students be prevented from using the internet or spellcheckers when completing the test?**

The NAPLAN Online assessment platform will have state-of-the-art security protections. The assessment is delivered inside a locked-down browser. This ensures students cannot access the internet or spellcheckers while completing the test.

### **Will schools and parents be provided with information on the results of the readiness test?**

There will be feedback to schools about the technical information gained from the readiness testing. There will be no reporting of student test results from the readiness test.
